Abstract- People are easily influenced by their surroundings. Either it is positive or negative, so positive surrounding always motivate people to do best things. Positive attitude help us to take new challenges, adapting new culture and adjusting in any situation. It is very important for personal development and also for success, because if one person has positive attitude then he might create positive environment around him.

I. INTRODUCTION

Create good environment only by positivity so if people carry positive attitude then they can create better surrounding for others.

Negativity can be abolished only by carrying positive attitude. In today's scenario people are influenced by others' thought process and their behaviors. Positivity motivate us for doing smart work, and stay positive by having a goal to achieve on daily basis. People quickly be affected by other's attitude (positive or negative). If people are hardworking then they influence other to do hard work for achieving their goal and also converting theirs dreams into reality.

FOR EXAMPLE: If one person is happy then that person creates happy environment around us, so their friends, colleagues, their family members everyone is influenced by him and they feel motivated and happy.

II. ELABORATIVE APPROACH

• IMPORTANCE OF ATTITUDE:

Attitude is most important things which reflect our thought process. A right attitude always produces positive or favorable result for us, but a negative attitude always gives failure. Our attitude towards other determines attitude of that person towards us, our attitude reflects our behavior.

• POSITIVE ATTITUDE MATTERS

People with positive attitude can do anything and they carry a never give up attitude, they remain hopeful even in difficult situation. Positive attitude helps in fulfilling our dreams. And also create easy path for surviving.

• DON'T GIVE UP STAY POSITIVE

Don't be scared of failure if you think positively you will get success. Wait for the right time, be patient.

Efforts never go in vain one day it will give positive result. Never stop trying, failure always motivate us for doing things again in effective manner. Nothing is impossible and nothing is tough it's all about us how we think and how we will do.

“STAY POSITIVE AND STAY HAPPY “

• CREATE GOOD ENVIRONMENT BY INFLUENCING PEOPLE

People can create good or bad environment it depends on their attitude and their thinking ability. If they are positive then they create positive environment, but if

they are negative then create negativity around us. FOR EXAMPLE: “If people work in any company then they have to create good relation with their colleague and also maintaining good working condition for making a positive environment”.

- **POSITIVE THINKING BUILDS OUR SKILL, PERSONALITY AND IMPROVES OUR WORK**
Our positivity always help us to develop our self. Positive thinking impact on our work, our behavior, our health and also our success. It influences others. It motivates us to create good relations with people and also help to communicate, interact with others. It helps us in sharing knowledge with people and exploring new things.

- **NEGATIVITY CREATES NEGATIVE ENVIRONMENT**
If one person thinks negatively then that person influences negatively to others. They create bad environment around us. And it impacts our life badly, then everything turns to be negative. FOR EXAMPLE: “if one person is sad then everyone will be influenced by him or her”.

CONCLUSION

Positive attitude always influences people to create better surrounding. Motivate others for doing such a valuable thing. It also helps to encourage people. Our positive attitude always pushes us for doing hard work.

Positivity increases our ability to think creatively and it also gives happiness, success in life. It helps to cope up with challenges, and survive in any difficult situation. Our positivity helps us to work with different people and adopt different cultures.

“STAY POSITIVE AND THINK POSITIVE WILL GIVE SUCCESS “
